Dileep@9505816053Java Core:

https://www.javatpoint.com/dependency-injection-in-spring

1. Java Intro-Notes Number 1
2. Java Environment Setup-Notes Number 1
3. Java Basic Syntax-Notes Number 1
4. Java Comments-Notes Number 1
5. Java Variables-Notes Number 1
6. Java Data Types—Notes Number 2
7. Java Type Casting —Notes Number 2
8. Java Operators –Notes Number 2
9. Java Strings -Notes Number 3
10. Java Math -Notes Number 3
11. Java Booleans -Notes Number 4
12. Java If...Else-Notes Number 4
13. Java Switch-Notes Number 4
14. Java While Loop–Notes Number 5
15. Java For Loop -Notes Number 5
16. Java Break/Continue-Notes Number 5
17. Java Arrays -Notes Number 5
18. Java Methods-Notes number 6
19. Java Classes/Objects -Notes number 6
20. Java Constructors–Notes number 8
21. Java Access Modifiers–Notes number 8
22. Java Packages-Notes number 8
23. Java Inheritance–Notes number 7
24. Java Polymorphism–Notes number 7
25. Java Inner Classes-Notes number 10
26. Java Abstraction-Notes Number 9
27. Java Interface -Notes Number 9
28. Java Enums -Notes Number 9
29. Java User Input -Notes Number 9
30. Java Date & Time-Notes Number 9
31. Java ArrayList-Notes Number 10
32. Java HashMap-Notes Number 12

33. String Manipulation-Notes Number 10
34. Packages and Import Statements - Notes Number 11
36. Static and Instance Members-Notes Number 11
37. Method Overloading and Overriding-Notes Number 12

Java Advanced:

1. Java Collections-Notes Number 12
2. Java Generics-Notes Number 15
3. Java Multithreading-Notes Number 13
4. Java Lambda Expressions -   Notes Number 16
5.Java Strings –Notes Number 16
5. Java Streams
6. Java Functional Interfaces
7. Java File I/O -Notes Number 13
8.Exception Handling -Notes Number 14
9.Java Input/Output (I/O) -Notes Number 14
10.Java OOPS -Notes Number 15
8. Java Networking-Notes Number 18
9. Java Database Connectivity (JDBC)
10. Java Reflection
11. Java Annotations –Notes Number 21
12. Java Regular Expressions
13. Java Servlets –Notes Number 19
14. Java Server Pages (JSP) –Notes Number 19
15. Java Enterprise Edition (Java EE)
16. Java Persistence API (JPA) –Notes Number 21
17. Java Message Service (JMS)
18. Java Web Services – Notes Number 20
19. Java Security
20. JavaFX
21.Spring Boot–Notes Number 20
22.Hibernate
23.Mvc
24.Je Units (unit testing)
25.Java Collections (hashmap)-Notes Number 18

Servlets:
Servlet Life Cycle -Notes Number 22
HTTP Methods and Requests - Notes Number 22
Servlet Configuration and Deployment- Notes Number 22
Session Management -- Notes Number 22
Filters and Listeners
Request and Response Handling
Session Tracking Mechanisms
Error Handling and Exception Handling-   Notes Number 22
Security and Authentication - Notes Number 22
Servlet Design Patterns-Notes Number 22

JSP:

Introduction to JSP-Notes Number 23

JSP Syntax -Notes Number 23

JSP Directives -Notes Number 23

JSP Standard Actions-Notes Number 23

Custom Tag Libraries-Notes Number 23

JSP Implicit Objects

Error Handling in JSP-Notes Number 23

Session Management

JSP Expression Language (EL)

MVC Architecture with JSP-Notes Number 23

Spring 👍

1. Dependency Injection (DI)-Notes Number 24

 2. Spring Core Container-Notes Number 24

3. Spring Beans and Configuration

4. Aspect-Oriented Programming (AOP)

5. Spring MVC-Notes Number 24

6. Spring Boot- Notes Number 24

7. Spring Data -Notes Number 24

8. Spring Security -Notes Number 24

9. Spring Integration

10. Testing with Spring

UnitTesting:

Unit Testing Basics: Notes Number 25

Introduction to Unit Testing

Purpose and Benefits of Unit Testing-Notes Number 25

Types of Testing (Unit Testing, Integration Testing, etc.)-Notes Number 25

Test-Driven Development (TDD) and its importance -Notes Number 25

Testing Frameworks:

5. Introduction to Testing Frameworks (e.g., JUnit for Java, unittest for Python)-Notes Number 25
